# WE ARE LOOKING FOR MARKETING INTERNS

---

franck.AI is a young, innovative data science company founded by Dr. Isabell Franck. Our Munich-based company combines cutting edge research with industrial experience. Our customers are aiming to optimize automated, highly complex industrial production processes. We help our customers to generate an optimized production, reduce costs and achieve environmental benefits as well as to gain a competitive advantage.

Intern Marketing (m/ f/ d)

You are responsible for supporting franck.AI in marketing projects. You will work closely together with one of the managing directors and you will get deep insights into the everyday life of a start-up company.

Key responsibilities:

- Support the company in marketing projects
- Improvement of the sales material
- Responsible for the media plan (print/ online/ social media) and its implementation.

What we offer:

- A small, personal team with flat hierarchies
- Development opportunities
- Flexible working hours and varied tasks
- Opportunities to shape and realize your ideas
- Supportive work environment.

This is what distinguishes you:

- Experience in a comparable role
- Enthusiasm for machine learning and data science products
- You are a reliable and responsible person
- You work independently
- You speak German and/ or English
- You are studying marketing or have a comparable qualification.
